Product Description

STIHL FSA 120 Battery Powered Grass Trimmer (Unit Only)

The FSA 120 with bike-handle grip gives you maneuverability and control.

The FSA 120 is compatible with AP System batteries and requires virtually no maintenance thanks to its brushless motor. Choose from either line heads or grass cutting blade attachments with automatic speed adjustments for either option. Enjoy operator control and comfort with the bike-handle grip and controls. This tool is IPX4-rated weather-resistant construction and has been designed and tested for splash water protection.
