Product Description

STIHL SE 33 Electric Vacuum Cleaner

Our entry-level vacuum with great performance and a great price.

For reliable performance in a value-priced package, the SE 33 is a compact, lightweight multi-purpose wet/dry vacuum that gives users versatility and power at an affordable price. This wet/dry vacuum is capable of taking care of a range of cleaning tasks around the shop and home. The blower function makes it easier to tackle more jobs, and its convenient accessory storage simplifies storing and switching to its compatible attachments.

This tool is IPX4-rated weather-resistant construction and has been designed and tested for splash water protection.
