Product Description

STIHL TS 710i Cutquik Cut-off Machine

High-powered cut-off machine designed with lightweight durability and efficient maneuverability.

The TS 710i STIHL Cutquik® features STIHL injection for fast cutting speeds. Built with durable and lightweight components, this powerful cut-off machine offers innovative advancements including a new generation of diagnostic software and easy integration with STIHL connected to give you the most up-to-date information possible for your machine. The compact powerhead allows for cutting in tight spaces, and the simplified startup procedures save time by eliminating the need for a choke. The TS 710i STIHL Cutquik® offers the enduring, powerful performance that professionals have come to expect from STIHL.
