Product Description

STIHL TS 910i Cutquik Cut-off Machine

Highest-in-class power-to-weight ratio cut-off machine featuring 24% more power than the previous model.

The TS 910i STIHL Cutquik® features the highest-in-class power and 24% more power than the previous model. The compact powerhead design offers better handling in tight spaces, and the modern antivibration system is designed for increased operator comfort. With advanced technology such as new generation diagnostic software and STIHL connected integration, operators and dealers can get comprehensive details into usage data and diagnostics for more efficient maintenance and repair. The TS 910i STIHL Cutquik® is a true powerhouse for professional construction work.
